

EXECUTIVE SUMMARY

On February 15, 2005, the Division for Air Quality received an application from Schwan's Global Supply Chain, Inc. for a Conditional Major/Synthetic Minor/Renewal/Construction/Operating Permit for a frozen pizza plant in Florence, Kentucky. The application was determined to be complete on March 10, 2005.

The issuance of a federally enforceable conditional major/synthetic minor permit requires a preliminary determination and a public notice. This has been done by the Division. An advertisement was placed in the Kentucky Community on November 24, 2005. The thirty day comment period has expired with no comments received.

In conclusion, a thorough analysis has been made of all available relevant information which pertains to this application. The Division has concluded that the source will comply with all air quality regulations and requirements. Therefore, a final determination has been made to issue the final permit.
